EAST: search history attached
Search terms:

Waveform same (generate or generated or generating or generation or generator or transmit or transmitted or transmitter or transmission)

narrow same (autocorrelate or autocorrelated or autocorrelating or autocorrelator or autocorrelation)

packet same (pulse or signal or waveform)

gaps between the packets, and the timings of the pulses within each packet being such that each packet has a narrow autocorrelation sequence;

and wherein each waveform is randomly selected from a set of waveforms with respective predetermined characteristics.

(Waveform and (generate or generated or generating or generation or generator or transmit or transmitted or transmitter or transmission) and narrow and (autocorrelate or autocorrelated or autocorrelating or autocorrelator or autocorrelation)).clm.
